

CUTTER & PLOTTER ACCESSORIES

Gerber Gold™ Routing Bits

Gerber Gold routing bits are designed for greater performance and longer tool life. These remarkable routing bits are made from the highest quality micro-grain carbide to the tightest tolerances in the industry. The bits are coated with titanium nitride to enhance their durability even further. The result is superior edge quality and lower tooling costs.

GOLD ROUTING BIT [78]

GSP-DIM BIT 1/4"	1/4" gold routing bit
GSP-DIM BIT 3/16"	3/16" gold routing bit
GSP-DIM BIT 3/8"	3/8" gold routing bit
GSP-DIM BIT 5/8"	5/8" gold routing bit
GSP-DIM BIT 3/4"	3/4" gold routing bit
GSP-DIM BIT 1-1/8"	1-1/8" gold routing bit
GSP-DIM BIT 1-1/4"	1-1/4" gold routing bit
GSP-DIM BIT 1-1/2"	1-1/2" gold routing bit
GSP-DIM BIT 2-1/4"	2-1/4" gold routing bit
GSP-DIM BIT 1/4X1/2	1/4" x 1/2" gold routing bit
GSP-DIM BIT 1/8X1/2	1/8" x 1/2" gold routing bit

Gerber Engraving Bits

SHORT TYPE: For bottom-loading collet systems and use with router motor or high frequency spindle option.

ENGRAVING BIT (SHORT TYPE) [78]

GSP-DIM BIT .010"010" x 1/4" engraving bit
GSP-DIM BIT .020"020" x 1/4" engraving bit
GSP-DIM BIT .030"030" x 1/4" engraving bit
GSP-DIM BIT .060"060" x 1/4" engraving bit
GSP-DIM BIT .090"090" x 1/4" engraving bit

LONG TYPE: For use with top-loading engraving spindles.

ENGRAVING BIT (LONG TYPE) [78]

GSP-DIM BIT .010"L010" x 1/4" engraving bit
GSP-DIM BIT .020"L020" x 1/4" engraving bit
GSP-DIM BIT .030"L030" x 1/4" engraving bit
GSP-DIM BIT .060"L060" x 1/4" engraving bit
GSP-DIM BIT .090"L090" x 1/4" engraving bit

Braille/Tactile Bits

These bits are used to create ADA (American with Disabilities Act) compliant signs and have shank diameters of 1/4" (6.4 mm). Use the Long Type with the DIMENSION 200® and SABRE™ engraver options. The Short Type uses the same geometry as the Long Type but are cut shorter for use in a router motor or high frequency spindle option.

BRAILLE/TACTILE ENGRAVING BITS [78]

GSP-DIM BIT DOT	Short Type for cutting braille
GSP-DIM BIT DOTL	Long Type for cutting braille
GSP-DIM BIT .015"ADA	Short Type .015" Profile Cutter for sign borders and surface-mounted text
GSP-DIM BIT .015"ADL	Long Type .015" Profile Cutter for sign borders and surface-mounted text
GSP-DIM BIT .060"ADA	Short Type .060" Parallel Cutter for both letter clean-out pockets in the sign face and matching male characters for Auto-Inlay™ method
GSP-DIM BIT .060"ADL	Long Type .060" Parallel Cutter for both letter clean-out pockets in the sign face and matching male characters for Auto-Inlay™ method

Auto-Carve™ 3D Carving Bits

Gerber V-cutting carbide bits deliver superb cut quality, maximum cutting efficiency, and the longest possible tool life. These specially designed tools are produced within tight manufacturing tolerances, ensuring the level of accuracy essential to the automated carving process.

3D CARVING BITS [78]

GSP-3D BIT 90	1/4" x 1 1/4" x 90° router bit
GSP-3D BIT 100	1/4" x 1 1/4" x 100° router bit
GSP-3D BIT 110	1/4" x 1 1/4" x 110° router bit
GSP-3D BIT 120	1/4" x 1 1/4" x 120° router bit
GSP-3D BIT 130	1/4" x 1 1/4" x 130° router bit
GSP-3D BIT 140	1/4" x 1 1/4" x 140° router bit
GSP-3D BIT 150	1/4" x 1 1/4" x 150° router bit

Pens

FASTRACK ROLLERBALL PENS [78]

GSP-PEN FSTRK BLK	Black rollerball pen, 4/set
GSP-PEN FSTRK BLU	Blue rollerball pen, 4/set
GSP-PEN FSTRK RED	Red rollerball pen, 4/set

FOR S/750™, SIGNMAKER®/750, GRAPHIX®/750, GSP SPRINT™/750 [78]

GSP-PEN P26178A	Red fine ballpoint pen
GSP-PEN P25927A	Black medium ballpoint pen

Knife Blades

A quality tool designed specifically for your application is always the professional's choice. Our unique, high-precision 30°, 45° and 60° SuperSharp blades-optimized for specific material types-are machined to exacting specifications to ensure the best results.

KNIFE BLADES [78]

GSP-KNIFE 30033B	SuperSharp 30°
GSP-KNIFE 31176	30° letter smith blade
GSP-KNIFE 63053A	Sheet cut-off knife blade assembly
GSP-KNIFE 17156	30° blade gen purpose
GSP-KNIFE 42 56928	Knife blade, HS swivel
GSP-KNIFE 45 33489	Knife blade, 45° carbide for sandblast stencil
GSP-KNIFE 60 37311	Knife blade, 60° carbide for sandblast stencil
GSP-KNIFE 44985B	Knife blade, GS Drag

BLADES FOR EMOSS TRACK [78]

GSP-KNIFE 45 56936	Knife blades, 45°, 2/set
GSP-KNIFE 60 56937	Knife blades, 60°, 2/set

FASTRACK PLOTTER KNIFE BLADES [78]

GSP-KNIFE 45 61639	45° knife blades, 2/set
GSP-KNIFE 60 61640	60° knife blades, 2/set

BLADES FOR ENVISION 375 [78]

GSP-KNIFE 45 63679	Knife blades, 45°, set of two
GSP-KNIFE 60 63680	Knife blades, 60°, set of two

SUPERSTEEL BLADE FOR SIGNJET PRO/ GRAPHTEC PLOTTERS [98]

WGT CB09UA-2	0.9, blades for vinyl, 2/pkg
WGT CB09UA-5	0.9mm blades for vinyl, 5/pkg
WGT CB15U-5	1.5mm, blades for reflective vinyl, 5/pkg
WGT CB15U-K30	1.5mm, blades for sandblasting stencil, 5/pkg
SNT 209114-3	Cross cutter for Novajet printers, 5/pkg

PLOTTER BLADES [98]

SGFASTRACK-45	Fastrack, 45° carbide blade
SGFASTRACK-60	Fastrack, 60° carbide blade
SGGERBER-30	Gerber, 30° carbide blade
SGGRAPHTEC-45	Graphtec, 45° carbide blade
SGROLAND-45	Roland, 45° carbide blade

Plotter Accessories

ACCESSORIES [78]

GSP-ULANO TOOL	Ulano stripping tool
GSP-POUNCE 25032	Coarse TPR pounce wheel [Sprint] plotter
GSP-KNIFEHLDR 16849	Knife holder & 30° blade [Signmaker/Graphix]

GS15PLUS, GS750PLUS, HS15PLUS, HS750PLUS ACCESSORIES [78]

GSP-GE EYEPIECE	Registration eyepiece for Gerber Edge
GSP-ENVI EYEPIECE	Registration eyepiece for Envision Plotter
GSP-KNIFEHLDR 56734	Knife holder with 30° blade
GSP-KNIFEHLDR 17943	Knife holder with 30° SuperSharp blade
GSP-PEN BLACK	Black ball point pen
GSP-PEN BLUE	Blue ball point pen

MAINTENANCE SUPPLIES [78]

GSP CLEANING KIT	Print head cleaning kit [Edge] 25 pads/box
GSP-GE PH CLEANER	Print head cleaner [Edge] 10 sheet/pkg
