Now is the time

Create vibrant, colorful sublimated apparel, textiles, soft signage and hard goods easier and more cost-effective than ever. With optimum image quality, productivity, efficiency and ease of use, Roland's advanced wide-format inkjets open a new world of opportunity.

Introducing the XT-640

With rugged construction and dual-print heads, the XT-640 Dye-Sublimation Printer is built for demanding production and quality. It provides stability, a choice of ink configurations and is one of the fastest dye-sublimation printers on the market. Enjoy unattended printing on long print runs, even in high-speed mode.

And there's more...

The XT-640 customizes promotional gifts, gadgets, sport equipment and merchandise. From smart phone cases to custom decorated tiles, you can kick-start your customization empire.
